#### FROM THE EDITOR

Welcome to the NEW My Life As A Mom issue, where the layout is different and new. This issue has the same information you love just with a new format and style. Over the Summer I had the opportunity and chance to plan one of my friend wedding. It was my first time ever planning something big. I am used to planning birthday parties or get together with friends and family. One day my friend came to me and ask me if i can plan her wedding for her. I was so surprise but I also grateful that she though of me first to plan her big day for her.

Helping my friend plan her big day was a blessing and a joy to experience the task, hard work, determination and watch her walk down the aisle to say I DO to her long time love. I will be sharing photos of her big day on my blog.

Also in this September/October month issue I will be sharing with you New Fall decor, recipes new and old, art of the month, book of the month and so much more. This September/October issue will give you all the insight you love and more to enjoy during this Fall season. So please enjoy the NEW Fall issue of My Life As As Mom Issue.

# FALL IS HERE

Fall is here where the leaves turns orange, the season starts to change, the pumpkin starts to come out, and the color orange, brown, red and yellow start to appear in our decor. This fall season My Life As A Mom will be sharing new fall recipes, decor, D.I.Y and so much more. Check out the Moment As A Mother Quotes below.

#### Moment As A Mother Quotes

"Autumn leaves don't fall, they fly. They take their time and wander on this their only chance to soar."

-Delia Owens, Where the Crawdads Sing

"The heat of autumn is different from the heat of summer. One ripens apples, the other turns them to cider."

-Jane Hirshfield, The Heat of Autumn

"Is not this a true autumn day? Just the still melancholy that I love—that makes life and nature harmonize."

-George Eliot

"Go, sit upon the lofty hill, And turn your eyes around, Where waving woods and waters wild Do hymn an autumn sound. The summer sun is faint on them— The summer flowers depart— Sit still— as all transform'd to stone, Except your musing heart."

-Elizabeth Barrett Browning, The Autumn

"And all the lives we ever lived and all the lives to be are full of trees and changing leaves..."

-Virginia Woolf

"It's the first day of autumn! A time of hot chocolatey mornings, and toasty marshmallow evenings, and, best of all, leaping into leaves!"

~Winnie the Pooh Pooh's Grand Adventure

"Autumn shows us how beautiful it is to let things go."

-Unknown

"Love the trees until their leaves fall off, then encourage them to try again next year."

-Chad Sugg

## About The Host

Melanie Stryder refuses to fade away. The earth has been invaded by a species that take over the minds of human hosts while leaving their bodies intact. Wanderer, the invading "soul" who has been given Melanie's body, didn't expect to find its former tenant refusing to relinquish possession of her mind. As Melanie fills Wanderer's thoughts with visions of Jared, a human who still lives in hiding, Wanderer begins to yearn for a man she's never met. Reluctant allies, Wanderer and Melanie set off to search for the man they both love.

#### FALL GARDEN

#### Beets

As with all root vegetables, beets are best grown from seed.

#### **Carrots**

Carrots are not the quickest growers, but some of the smaller varieties like Thumbelina and Paris Market will mature in about 50 days.

#### Broccoli

Broccoli, like other cole crops, grows best in cool weather.

#### Bush Beans

Pole beans need a long growing season.

#### Spinach

Spinach only takes about 30–40 days to mature and even less if you like small, tender leaves.

# About And There Are Mone

First, there were ten—a curious assortment of strangers summoned as weekend guests to a little private island off the coast of Devon. Their host, an eccentric millionaire unknown to all of them, is nowhere to be found. All that the guests have in common is a wicked past they're unwilling to reveal—and a secret that will seal their fate. For each has been marked for murder. A famous nursery rhyme is framed and hung in every room of the mansion:"Ten little boys went out to dine; One choked his little self and then there were nine. Nine little boys sat up very late; One overslept himself and then there were eight. Eight little boys traveling in Devon; One said he'd stay there then there were seven. Seven little boys chopping up sticks; One chopped himself in half and then there were six. Six little boys playing with a hive; A bumblebee stung one and then there were five. Five little boys going in for law; One got in Chancery and then there were four. Four little boys going out to sea; A red herring swallowed one and then there were three. Three little boys walking in the zoo; A big bear hugged one and then there were two. Two little boys sitting in the sun; One got frizzled up and then there was one. One little boy left all alone; He went out and hanged himself and then there were none. "When they realize that murders are occurring as described in the rhyme, terror mounts. One by one they fall prey. Before the weekend is out, there will be none. Who has choreographed this dastardly scheme? And who will be left to tell the tale? Only the dead are above suspicion.
