Planting a garden is a very time consuming project, but at the end it's all worth it when you start seeing the vegetables and fruit producing.

BOOK OF THE MONTH

THE NIGHT CIRCUS

By Erin Morgenstern

*The circus arrives without warning. No announcements precede it. It is simply there, when yesterday it was not. Within the black-and-white striped canvas tents is an utterly unique experience full of breathtaking amazements. It is called *Le Cirque des Rêves*, and it is only open at night.*

But behind the scenes, a fierce competition is underway—a duel between two young magicians, Celia and Marco, who have been trained since childhood expressly for this purpose by their mercurial instructors. Unbeknownst to them, this is a game in which only one can be left standing, and the circus is but the stage for a remarkable battle of imagination and will. Despite themselves, however, Celia and Marco tumble headfirst into love—a deep, magical love that makes the lights flicker and the room grow warm whenever they so much as brush hands.

True love or not, the game must play out, and the fates of everyone involved, from the cast of extraordinary circus performers to the patrons, hang in the balance, suspended as precariously as the daring acrobats overhead.

Written in rich, seductive prose, this spell-casting novel is a feast for the senses and the heart.

WEDDING WEDNESDAY CELEBRATION

A wedding ceremony is where two people who are in love are united in marriage as one. This is where you decide how big you want your venue to be whether you want it in a church, beach, outside your backyard, park, out of the country, etc. This is the time where you and your partner decide where you want to have your wedding at.

Venues are very hard to come by especially when pretty much everything is booked for around the time you might want to have your wedding. The best thing to do when it comes to looking for a venue is know where you want to have your wedding at and book it in advance so that way you already have a venue secured.

INVITATIONS

Minted has the invitation of your dreams where you can choose the option that you want like the color, font, fancy, traditional and so much more. Let Minted help you make your invitation special for your big day.

MUSIC

Music played at Western weddings includes a processional song for walking down the aisle (ex: wedding march) either before or after the marriage service. An example of such use is reported in the wedding of Nora Robinson and Alexander Kirkman Finlay in 1878.

MARRIAGE

The wedding ceremony is often followed by a wedding reception or a wedding breakfast, in which the rituals may include speeches from the groom, best man, father of the bride and possibly the bride, the newlyweds' first dance as a couple, the cutting of an elegant wedding cake.
