Join me for some crafting lessons. I love to make things in my spare time, as it allows me to express my creativity and unwind from the hustle and bustle of daily life. Crafting offers a wonderful opportunity to explore different materials and techniques, whether it's through knitting, woodworking, painting, or any other form of art that speaks to you. It's a chance to immerse yourself in the process, finding joy in the act of creating something with your own hands.

In these lessons, we'll not only focus on the technical skills needed to bring your ideas to life but also on the importance of infusing your personal style into each project. Crafting is about more than just the final product—it's about the journey, the experimentation, and the satisfaction of making something uniquely yours.

Whether you are a beginner eager to learn the basics or an experienced crafter looking for new inspiration, these sessions will cater to all skill levels. Together, we will explore a variety of projects that you can customize to suit your taste and home decor. Whether you're crafting a gift for a loved one or creating something special for yourself, the process allows you to slow down and savor the moment, making each stitch or brushstroke a celebration of love and creativity.

So, let's gather our tools, let our imaginations run wild, and create beautiful pieces that not only enhance our surroundings but also touch our hearts.

## Craft Made by You

# 2025 Fall Garden

## *Planning Your Spring Garden*

### **Plan Your Garden**

With the New Year comes fresh plans and a new garden! This month, I'm excited to map out all the plants I intend to cultivate. I enjoy strategizing the layout of my garden, deciding where each plant will thrive and where they won't. Over time, I've discovered which plants grow well together and which do not. Having a clear plan for where everything will be planted ahead of time makes spring planting so much easier. Join me on my journey of planning and planting!

### **Seed Collection**

If you have a seed collection similar to mine, take the time to review it and ensure that none of the seeds are open, sprouting, damp, or moldy. For any seeds exhibiting these issues, seal them properly, dispose of those with mold, or plant any that have started to sprout roots.

### **Get Your Seedlings Ready for Planting**

I prefer to categorize my seedlings into groups such as vegetables, flowers, fruits, and herbs, and then plant them together in sections. To prepare your seedlings for planting, you'll need the following items:

- Soil
- Seedling containers
- Plant food
- Water
- A sunny and warm location

### **Plan Your Garden Layout**

One important lesson I've learned over the years is to carefully determine where to position your plants. Identifying the right spots for your plants is crucial, as each one requires specific amounts of sunlight, water, and nutrients to thrive.
